## Mardi Gras Mambo

The Broadway Elder Living & Rehabilitation decided to take our parade to a whole different level this year - we brought Mardi Gras indoors and paraded throughout the facility! A special thank you goes out to our lovely friends Michelle Galliano with Leading Leopards, our Broadway Mardi Gras Court, DJ 3127 and Lance Brown for making our parade a huge success! The day was filled with live music, love, and lots of laughter. Lance visited us at The Broadway to show off his new costume that he had specially designed to wear for the parade. The entertainer of the afternoon, DJ 3127, came all the way to BELR from Laplace, LA, to make sure our music and sound for our parade was ready to go. Thank you to all who helped out and participated in The Broadway's Mardi Gras parade – it was a blast!

**Celebrating Our Activity Professionals**

We all know they often say great minds think alike. But in this case, these two great minds thought so much alike that they showed up in the same outfit! We enjoyed celebrating Activity Professionals Week at The Broadway honoring our very own Tameka Bourda and Tranise Tyler. Thank you for all you do, ladies!

## Therapy Resident of the Month: Mr. Jimmy Hebert

Mr. Jimmy came to us with a long road ahead of him, but he is on his way to being a therapy success story! Although he still has work to do, his motivation to get back home to his family is inspiring him to push through all of his therapy, and he is making great progress every day. We look forward to helping Mr. Jimmy get well so he can get back to participating in the activities he enjoys. Keep up the good work, Mr. Jimmy, we're very proud of your accomplishments!

### From our Therapy Department

Here at the Broadway we know the importance of family, especially during the healing process and in the elder care setting. Though we urge you to encourage and motivate your loved ones to do their best in therapy, we want to extend a reminder that only patients are permitted in the therapy department. Due to privacy laws and respect for all patients participating in a therapy program, we ask that you refrain from coming into the rehabilitation department. If you're visiting a loved one in the therapy department, please have the nurse's station call the department and inform them of your arrival for visitation so we can let you know if they are nearing the end of their session, or if it would be best to come back at a later time. For family members that have loved ones in therapy, it is usually more convenient to visit after 5:00 pm.  
Thank you for your cooperation in this matter.
