Second Annual Relay for Life at The Broadway

Relay for Life is a fundraiser for the American Cancer Society. This event's goal is to bring communities together to remember loved ones lost, honor survivors of all cancers, and raise money to help the American Cancer Society make a global impact on cancer. For the second year in a row, The Broadway has hosted a Relay for Life at our facility for residents who are unable to attend the community events. We would like to thank all of our wonderful sponsors who helped make our 2017 Relay for Life an incredible one: South Lafourche Relay ELT Committee, LA Tops #504, Lafourche Parish District Attorney's Office, David Sear, and South Lafourche Bank Relay for Life Team. A special thanks also goes out to "Elvis" for making his grand appearance!

Interacting with the Incredible iN2L System

In 2017, The Broadway Elder Living & Rehabilitation received a grant for the iN2L computer system to be installed in our facility. The system includes various programs such as Skype, Google Earth, etc. that are available to be used for residents' enjoyment. One of the most interesting apps is Google Earth. During a social, our Administrator, Blake Lipari, took us on a tour of the world via Google Earth. The residents were able to see various parts of our country and other countries around the world. We were even able to view previous residences of our residents. Residents were amazed to see how far technology has come. We were even able to view Grand Isle as it is today compared to what it was many years ago. They were amazed at on the severity of the costal erosion. We are blessed to have these systems in our facility. Please stop by in your free time to view them!
