FROM OUR ADMINISTRATOR

Dear Broadway Family and Friends,

Over the past two months I have met many of you and your loved ones. It is truly a pleasure to have become part of such a great community and I thank you for the warm welcome I have received.

The Broadway team works very hard to provide excellent care to your family members. Last month we had our Annual State Survey and I am pleased to report there were no deficient practices noted. This marks the 6th time that The Broadway has received this honor, which is a very high achievement and takes a lot of hard work on every level. To our staff members: Thank you for your hard work and dedication. You are truly remarkable!

Update on Covid: At this time we have a few residents with active cases. Please know that we are following all state and federal (CDC) guidelines to stop the spread of this virus. Our staff members are continuously practicing proper infection control techniques, and we are also working with our residents to ensure that they continue to be safe and healthy. Please note that our visitation must be slightly revised when we have an active positive, but we will work to get back to normal visitation as quickly as possible. We appreciate your cooperation and understanding on this matter. As always, if I can ever help you with anything, do not hesitate to call me.

Sincerely,

Jeremy Ryman
Administrator

INSPIRATIONAL QUOTE OF THE MONTH

"Great things in business are never done by one person. They're done by a team of people."

-unknown

Happy Birthday!

Residents:

Gerald W.	9/01
Earl S.	9/09

Troylisha Pharr	9/30, 2 years

SOUR PATCH GRAPES!

With some fresh grapes and Jell-O mix, any one can create a fun and unexpected treat!

PLEASE NOTE:

Due to the rise in Covid-19 cases in our community, The Broadway is requiring all visitors to wear a mask regardless of vaccination status. Please partner with us to better help our residents. While visiting, please practice social distancing and proper hand hygiene. Thanks for all of your prayers and encouraging words through this very difficult time. Together we all can do our part to slow the spread! For the most current guidelines on visitations, please call us at (985) 532-1011.

A PERFECT SCORE!

The Broadway Elder Living and Rehabilitation takes great pride in having earned the Deficiency Free designation from The Department of Health and a 5 star rating from CMS. Not only have we worked very hard to earn both awards, we have worked even harder to earn your confidence and trust. Because we will never be satisfied with anything less.

Skilled nursing homes are the most highly regulated entities in America. So when a facility receives a rating of "Deficiency Free" from the Louisiana Department of Health and a 5 star rating from CMS, the Center for Medicare and Medicaid Services, that means that you or your loved one can expect the highest level of care in a safe environment. Further, it means that during the state's most recent inspection, inspectors found zero deficiencies in care, services or the patient environment.

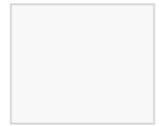

Inspections are conducted by the Center for Medicare and Medicaid Services (CMS) on a "no" notice basis and are designed to hold health care providers accountable in multiple areas of patient services and patient life. CMS evaluates the following areas:

- * Policies and Procedures
- * Resident Care and quality of life
- * Medication Administration
- * Medical Record Keeping
- * Kitchen Sanitation
- * Staff Competencies
- * Dietary and Nutritional needs
- * Equipment
- * Safety and overall wellness of the community

Inspections are unannounced and generally take several days to perform. Not only do inspectors look to ensure that regulations are followed, but center residents, employees and resident family members are also randomly interviewed. In addition to inspecting policies and procedures, great attention is paid to patients' quality of life, residents' rights and quality of service. The process is comprehensive and thorough.

When a nursing home facility receives a "Deficiency Free" certification, it is proof that they have not only passed rigorous State and Federal screenings, but they have distinguished themselves as being among the best care providers in that state.
